Chamber Partnership Program

The purpose of the *Chamber Partnership Program* is to eliminate the repetitive solicitation of funds necessary to carry out the many special events and programs we have throughout the year by contacting a sponsor ONLY ONCE. The Chamber Partnership Program is designed to provide your Chamber with the necessary funding to support the numerous programs and events that make a difference in the life of our business community. In recognition of your support, your company name will be displayed at all chamber events, as well as listed on our website and newsletter with a link to your company's website.

The *Chamber Partnership Program* offers you an exclusive opportunity to define your company's leadership in the Anderson business community and provides these benefits:

- Provides positive corporate image as a member and supporter of the Chamber
- Provides the benefit of selecting a defined set of sponsorship options specific to your company's targeted audience
- Provides an easy method to budget for marketing expenses as you can budget and pay for a full year of sponsorship options with one check each year
- Provides year-round exposure for your company with recognition via our newsletter, website, event promotion and sponsorship recognition sign.

Now is the time to show that your company is fully involved as a business leader in our community by becoming a Chamber Partner. Don't miss this exclusive membership opportunity!
